

TECHNICAL DATA SHEET (TDS)

Product Name: **SHELL INSECT REMOVER**
Product code: **CRX213**

Supplier: Kemetyl Polska, Sp. z o.o.,
Al. Jerozolimskie 146,
02-305 Warsaw, Poland
Phone no. +48 22 822 5390

1. Composition / information on ingredients:

Shell Insect Remover is an aqueous mixture of alcohol, cleaning agents, fragrance composition, and a coloring agent

2. Application

Shell Insect remover efficiently removes insect splatter from windscreens, headlights, and body of the car. Safe for use on polycarbonate headlights.

3. How to use

Spray the stained surfaces with Shell Insect Remover – wait a moment – do not allow the product to dry – clean with damp sponge or cloth – flush with water. Do not use on heated surfaces or in full sunshine.

4. Physical and chemical properties:

Physical state:	liquid
Colour:	pink
Odour:	characteristic, perfumed
Density (at 20°C)	0.98-1.02 kg/m ³
pH:	6.5
Boiling point:	> 95°C
Melting point:	+/- 0°C
Auto-ignition temperature:	> 200°C
Solubility in water:	soluble

5. Storage

Store in a cool, dry, well-ventilated place (< 35°C). Keep away from oxidizing agents. Protect from sunlight and from freezing.

6. Classification

Product not classified as hazardous. UN No.: n/a For details, see the product's safety data sheet. A safety data sheet compliant with regulations in force is available.

Issue date: 31.12.2015

The information contained in this specification is based on the present state of our knowledge and experience. Taking into account the diversity of factors that may affect the product during its use, these data do not relieve users of responsibility for carrying out their own tests and experiments; not also mean any legally binding assurances, or suitability for a particular purpose. The responsibility lies with the users of our product that all property rights and legal provisions are respected.
